O God, Lord of all, fountain of knowledge, in Your Name we begin. We submit ourselves to the day's mission, and seek Your blessings and guidance. Let this day add to our learning, enhance our commitment, take us forward, and help us improve our society, our nation, and humanity at large.

O God, help us learn all that is good, grant us wisdom to choose good over evil, right over wrong, and grant us peace and happiness today and ever.

Introduction

Farook College marks a breakthrough in the renaissance of Kerala Muslims. In 1948, the year following Indian independence, Farook College was founded to light the darkness that benighted a community crippled by colonial pressure unparalleled in the history of the region. The Rouzathul Uloom Association, the parent body of the educational complex on the campus, took the lead in transforming the social fabric of the region through the expansion of the secular educational structure. Farook College was the only First Grade College in Central Malabar at the time of its inception and was originally affiliated to the Madras University. Following the states' reorganization, the College came under the University of Kerala in 1957 and the University of Calicut in 1968. The College celebrated its Silver Jubilee in 1974, the 40th Anniversary in 1989, the Golden Jubilee in 1999-2000 and the Diamond Jubilee in 2009-2010. Farook College is today the biggest residential postgraduate institution under the University of Calicut. It offers instruction in various disciplines, 17 at the undergraduate and 14 at the postgraduate level. Seven of the P.G. Departments are recognized research centres. The College is modelled on residential pattern, providing curricular and co-

curricular activities for both mental and moral development of the students. Its special care for the moral standard of the students operated through religious and spiritual discourses help them enrich their personal as well as social identity. The College and its hostels are open to students of all castes and creeds and provide amenities for the creation of a healthy cosmopolitan atmosphere on the campus. The college has been re-accredited at 'A' Grade by the National Assessment and Accreditation Council (NAAC), Bangalore, with CGPA of 3.34 on four point scale valid from March 2009. The college has been adjudged by the Government of Kerala to receive R. Sankar Award for the best special grade (Private) college in the state of Kerala for the years 1997-98 and 1999-2000. The College has been identified by the UGC as a College with Potential for Excellence, the first college under the University of Calicut to receive the status. Farook College has won the Moulana Abul Kalam Azad Literacy Award instituted by Moulana Azad Education Foundation, New Delhi under the Ministry of Social Justice & Empowerment, Govt. of India for promoting education among the educationally backward minorities. The National commission for Minority Educational Institutions, Govt. of India, has granted Minority Status to the College.

CHOICE BASED CREDIT SEMESTER SYSTEM (CCSS) FOR UNDERGRADUATE CURRICULUM

A. PROGRAMME STRUCTURE

Students are admitted to undergraduate programme under the faculties of Science, Humanities, Language & Literature, Commerce & Management. The duration of an undergraduate programme will be 6 semesters distributed in a period of 3 academic years. The odd semesters will be from June to October and the even semesters from November to March. Each semester will have a minimum of 90 working days inclusive of all examinations.

Each Undergraduate programme has the following courses.

- 1) Common Courses (Code A)
- 2) Core Courses (Code B)
- 3) Complementary Courses (Code C)
- 4) Open Courses (Code D)

1) Common Courses (Code A): Every undergraduate student has to undergo 10 common courses (Total 38 credits) chosen from a group of 14 common courses listed below for completing the programme.

- 1 Communication skills in English
- 2 Critical Reasoning, Writing and Presentation.
- 3 Reading literature in English
- 4 Indian constitution, secularism and sustainable environment.
- 5 Literature and contemporary issues
- 6 History and philosophy of science

- 7 Communication Skill in the languages other than English
- 8 Translation and communication in languages other than English
- 9 Literature in Malayalam /Hindi/Other Indian/World languages other than English
- 10 Culture and civilization (with a compulsory component on Kerala Culture)
- 11 Basics of Business and management
- 12 General Informatics
- 13 Basic numerical skills
- 14 Entrepreneurship development

2) Core Courses (Code B): Core courses are the courses in the major (Core)subject of the degree programme chosen by the student. Core courses are offered by the parent department. The number of core courses vary from 10 to 18 including a project work.

3) Complementary Courses (Code C): Complementary courses cover one or two disciplines that are related to the core subject and are distributed in the first four semesters.

4) Open Courses (Code D): There will be one open course in core subjects in the fifth semester. The open course will be open to all the students in the institution except the students in the parent department. The students can opt that course from any other department of the institution. Each department can decide the open courses from a pool of three courses offered by the university.

Credits: Each course will have certain credits. For passing the degree programme, the student has to achieve a minimum of 120 credits of which 38 will be from common courses, 78

from core and complementary courses and 4 from the open courses.

Attendance: The minimum attendance for a semester is 75% for each course (Common, Core, Complementary, Open & Elective Courses). Attendance will be maintained by the course teacher concerned. Condonation of shortage of attendance to a maximum of 10 days in a semester subject to a maximum of two times during the whole period of a Degree Programme may be granted by the University.

Benefits of attendance may be granted to students who attend University Union activities, meetings of University bodies and for participation in extra curricular activities on production of participation/attendance certificate in such activities issued by the University Authorities / Principals subject to a maximum of 10 days in a semester.

Extra Credits : Extra credits may be awarded to a student for achievements in co-curricular activities carried out outside the regular class hours. These credits will not be counted while considering the minimum credits (120) for passing the programme. The details are given below.

Extension activities : Compulsory social service (CSS) for a period of 30 days is essential for the successful completion of a U.G. programme.

B. REGISTRATION

A Student is permitted to register for the programme at the time of admission. If registration for examination is not possible owing to shortage of attendance beyond condonation limit, the student will be permitted to attend the classes of the next semester. Students should make up the shortage of attendance in that semester (Repeat Semester) after completion of the

programme. The 'Repeat Semester' is possible only once in the entire programme.

The condonation of shortage of attendance is granted according to the existing prescribed norms. A student who registered for the course has to complete the course within 6 years from the year of registration.

C. EXAMINATION

There will be University examinations at the end of each semester. Practical examinations will be conducted by the University at the end of the fourth and sixth semester. Both theory and practical University examinations will be of three hour duration. Viva-voce, if any, will be conducted along with the practical examination.

A question paper may contain objective (answer in a word or sentence, multiple choice or fill in the blanks), short answer, paragraph and essay type questions with different weightage to quantify their range. Weightage can vary from course to course depending on their comparative importance. But a general pattern may be followed by the board of studies.

Project evaluation will be conducted at the end of the sixth semester.

2. Distribution of Credits

Common Course	:	38 Credits
Core Course including Project and Elective	:	62 Credits
Complementary Course	:	16 Credits
Open Course	:	04 Credits

For programme with double core (double main) courses the total credit for core course is 78
