The college emblem presents a simple design consisting of three harmoniously arranged sectors with a co-ordinating crescent and a star at the centre, and a motto inscribed underneath. The balance in the top sector symbolizes justice, equality before law, harmony of design and proportion, and the condition of being steady. The open book in the second sector signifies dissemination of knowledge and its accessibility to all. The coconut trees and the sea in the third sector represent Kerala and the Arabian Sea, whose histories have always remained, intertwined. The co-ordinating crescent at the centre signifies peace and the star a steady source of light. The motto means -Pray and Work-

Introduction

Farook College made first-hand impressions in the rich tapestry of Kerala's history and remained a beacon of enlightenment in the wake of India's freedom movement. Established in 1948, this institution of higher education was conceived with the noble mission of dispelling the darkness that had cloaked a community for generations. The college heralded an educational revolution across the region and emerged as a mainstay of social upliftment in its milieu.

Nurtured under the auspices of the Rouzathul Uloom Association, the parent body of all institutions on the campus, Farook College embarked on a journey to set novel trends in the field of education since its inception. Initially, it was the only First Grade College in central Malabar, affiliated to the prestigious Madras University. Following the state's reorganization, the college was affiliated to the University of Kerala in 1957 and subsequently to the University of Calicut in 1968.

Today, Farook College is the largest residential postgraduate institution in the state. It offers 23 undergraduate, 1 integrated, and 15 postgraduate programmes. Eleven of its postgraduate departments have gained recognition as research centres, attesting to its commitment to academic excellence and research orientation. Housed in a residential pattern, the college affords abundant opportunities for academic and co-curricular pursuits, facilitating the holistic development of students and enriching their life experience. Farook College is an institution that embraces diversity, admitting students from all castes and creeds and catering to the special needs of students hailing from minority and underprivileged sections of society. This inclusive ethos fosters a harmonious atmosphere on the campus, embodying the principle of unity in diversity.

FAROOK COLLEGE (AUTONOMOUS)

The college has consistently garnered acclaim for its unwavering commitment to excellence. Reaccredited with A++ Grade (CGPA 3.64) by NAAC, it has been recognized by the UGC as a College with Potential for Excellence and has enjoyed autonomous status since 2015, renewed in 2021 for a further ten years. It previously secured an A+ Grade (CGPA 3.51) in NAAC accreditation and was honoured by the Government of Kerala with the R. Shankar Award for the best Special Grade (Private) College for two consecutive years. Its dedication to promoting education among the educationally disadvantaged minorities earned it the Maulana Abul Kalam Azad Literacy Award instituted by the Maulana Azad Education Foundation, Ministry of Social Justice & Empowerment, Government of India. The National Commission for Minority Educational Institutions, Government of India, has also conferred Minority Status upon the college.

National recognitions further include selection under RUSA (MHRD) as an Entrepreneurship, Innovation and Career Hub (2019), inclusion in the DST-FIST programme (2019), and financial assistance under the DBT Star College Scheme. In 2025, the college achieved another significant milestone by becoming a member of the United Nations Academic Impact (UNAI), reaffirming its global commitment to higher education, peace, and sustainable development.

Digital Hub

In the quest for improving education system, technology has played the most vital role in automating tasks which are time-consuming and monotonous. Software can be used for all the academic and administrative processes like admission, examination, attendance, fee collection, etc. in an educational institution. Evaluation and perception of institutions by Government or public agencies and general public are to be improved for grabbing high demand, value and ranking. State of the art ERP solutions tailored to fit the institution open up new vistas to connect, collaborate and communicate with the stake holders and public. A dedicated and resourceful team of high competency with necessary facilities can provide such a digital state in a fast growing institution.

A Digital Hub catering to all the technological needs of the institution has been envisaged. This Digital Hub is expected to ensure quality of solutions, continuity of implementation, higher levels of confidentiality, and greater cost-effectiveness.
